Building Maintenance

The Vestry is undertaking two projects to maintain the property and building.

1. We are going to continue the landscaping project on the Broad Street side of the Church. This work should be completed sometime in mid-October. The cost of the project is \$6,000.00. It will match the work that has already been completed. The Women of the Church has graciously donated \$500.00 to the landscaping project. We thank the donor who graciously contributed to the first phase of the project.
2. In order to preserve the life of our stained glass windows in the Church and the Chapel, we are going to replace the existing protective plexi-glass with an exclusive Klear-flo protective covering system utilizing ¼” acrylic. The protective covering material will be set into the existing ventilator frames in such a manner that they will remain operational. The current coverings have yellowed with age and do not allow the heat to escape thus increasing the possibility of decreasing the life of the windows. These new protective coverings will increase the beauty of the windows and allow the air to escape. Willet Hauser Architectural Glass, the same company which designed and installed the windows, will be completing the work. Most likely the work will be completed in the spring when the temperatures are more consistent. They have also appraised the windows for current value. The cost of the project is \$16,651.00.

If you wish to contribute to either project, I ask that you see Jennifer Westermann, Bruce Dailey or myself. Gifts will be acknowledged in the Memorial Book.

Communion Kits

If you have a communion kit at your home, could you please return it to the Church? We seem to be missing three of them.
